***Source Code China* suggested Book Partner Link content:**

	<p><i>Source Code China – The New Global HUB of IT Outsourcing</i> is a groundbreaking, Industry-first book that addresses China as a growing force in the high-tech and service outsourcing sectors. Written by Cyrill Eltschinger, an industry expert and executive with nearly 20 years in the field and almost 15 years in China, <i>Source Code China</i> provides valuable insight on the thriving country from an executive who has been “in the game” from the start. Read the book – find out how to take advantage of the most lucrative trend in global business!</p> <p>For more information, please visit: <a href="http://www.SourceCodeChina.com">www.SourceCodeChina.com</a></p>
